TERMS OF SUBSCRIPTION

One year	\$12.00	Three months	\$ 3.50
Nine months	10.00	One month	1.25
Six months	6.75	One week35

Subscriptions by mail must be paid in advance.

\$10 REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

The private cars of the New York and Denver delegates to the mining congress will be detached from the Overland Limited at Hazen and sent scooting toward this southern country, without giving the short change business men of Reno a chance to get their hand in and yell that slogan, "Reno, the Bowery of Nevada." Evidently the railroad men who accomplished this act of humanity have been in Reno.

The mannerisms of the American tourist abroad has always been the subject of much displeasing criticism from our English cousins, but the actions of the English tourists' ladies yesterday in their pestering after Explorer Cook at Copenhagen, in an endeavor to secure his autograph, does not speak very highly of the fair sex from John Bull's domain.

Can it be possible that Perry dated back his location of the North Pole, after the manner of some of the Nevada prospectors? There appears to be a case of litigation in the near future and Lindley on Mines should be consulted by the judge at the pole.

BELOVED WIFE OF ED CLIFFORD IS SUMMONED

MRS. ESTHER ANN CLIFFORD
DIES FROM INJURIES RE-
CEIVED WEEK AGO

At 1 o'clock Monday morning, all that was mortal of Mrs. Esther Ann Clifford, beloved wife of Ed Clifford, Sr., departed this world. Mrs. Clifford was injured over a week ago by being thrown from a wagon at the Stone Cabin home of the Cliffords, some 35 miles east of here. She was immediately conveyed to this city and taken to the residence of her daughter, Mrs. H. H. Warburton. Medical aid was summoned and everything possible was done for her relief. For a time she seemed to improve, but Saturday it was noticed that her condition was becoming serious. Her relatives at Stone Cabin and Ellendale were communicated with and arrived here Sunday and were present at her bedside when she passed away.

In life Mrs. Clifford was a most highly esteemed and respected person. Of a charitable disposition, none had to appeal to her more than once. Her many kindly acts were performed with the idea that it was her duty. Many a poor and hungry prospector made his appearance at her home and left feeling that he had met with one of God's most noble creatures.

The family came into riches some little time ago, but this had no effect on her personality and she would not have traded the home at Stone Cabin for the most costly place in the world. She realized that her place was with her family and was always unhappy when separated from them. To her the rest was home, life, everything, and she had often expressed the desire that her life might be spent on this broad expanse of wilderness.

The deceased was a native of Devonshire, England, and was born Oc-

tober 18, 1852. She is survived by her husband, Edward Clifford, four daughters, Mrs. Joe Nay, Mrs. H. H. Warburton, Misses Sarah and Grace, and five sons, Edward, Jr., James W., John F., Thomas and Joseph. The funeral will be held Wednesday morning from St. Patrick's Catholic church, where the services will be conducted by the Rev. Father Butler. The interment will be in the city cemetery.

\$45,000 FOR THE SHOSHONE FOR AUGUST

5800 TONS TREATED WITH AN
AVERAGE SAVING AROUND
\$8 PER TON

The big monthly cleanup at the Shoshone mill has been completed and the melting is now under way. It is adjudged that the resulting bullion will amount to about 13,000 ounces. This, together with the saving from the mid-monthly cleanup, will bring the total for the month of August up to about 20,000 ounces. This bullion is worth a little better than \$2 per ounce. The production for the month was between \$40,000 and \$50,000. The amount of ore handled for the same period was 580 tons. This shows an average saving from every ton handled of about \$8.

The Chili mill is hung up at this time and will lose several days. The accident that caused this circumstance was a break in one of the main sockets at the base of the machine. Otherwise the mill is working properly.

John G. Kirchen is now at the property.—Bullfrog Miner.

Miss Louise Pohl, one of the teachers in the Tonopah public school, who has been visiting with her parents at Austin, arrived yesterday. She was accompanied by her mother and brother, who will visit her brother, County Clerk Robert G. Pohl.

TOWNSITE STAMPEDERS

A party of Bullfrogers are preparing to go to the scene of Dr. Cook's new strike at the North Pole for the purpose of laying out the original townsite. The party is not made up at this time and it is impossible to give the names. It is the old crowd, though, for the most part. The boys have scented a killing and hate to be left behind. They say there will be a big rush to the new parts next summer.—Bullfrog Miner.

MINERS' DANCE LAST EVENING A GREAT SUCCESS

CONCLUSION OF LABOR DAY IS
ENJOYED BY A LARGE
CROWD

A veritable Temple of Terpsichore was the interior of the Miners' Exchange hall last evening when the members of the Tonopah Miners' Union acted as hosts at their Labor Day dance. The coolness of the evening drew out a large crowd and the floor was covered with the merry dancers. Everybody enjoyed the evening and it might be said that the dance was the most successful affair of its kind to be given this year. The music was the best to be found in the city and with the excellent condition of the floor, dancing was a real pleasure.

CHEAP GRAPES IN CALIFORNIA

The grape growers of Yolo county, California, are offered this year only \$5 per ton for their product. Here they retail at \$200 per ton, and the retailer makes only a small profit. The railroad and express companies are evidently not here for their health.

The climate of Humboldt county is well adapted to growing superior wine and table grapes, while the soil cannot be excelled. Dried grapes are in some respects superior to prunes, when stewed, and make delicious pies, cakes, etc. When rooted vines are planted in the spring they require but little water to sustain them.—Winnemucca Silver State-News.

Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money.
